I am eager to present my studio apartment portfolio "KAIVALYA" with immense pleasure. I would like to express my sincere gratitude towards my project guide Ms. Yogeeta Bhandari and faculty for constructive feedback and guidance. My peers also played a vital role in this project with active participation and suggestions in making it a success.

Client's Brief

YOGESH DATTATRAY JOSHI

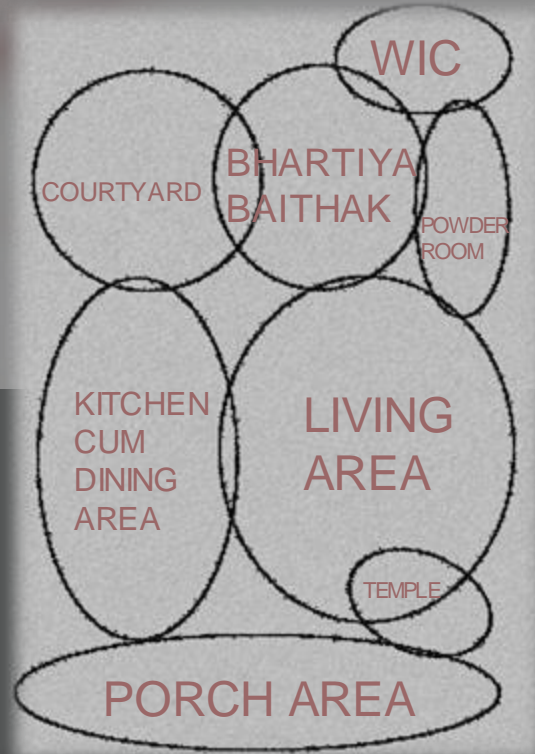

A typical Marathi brahmin man backed with the Dravidian culture and tradition, influenced by Sanskrit scriptures and also equally tilted towards modern ideology and technology. He dreamed of a house which is a perfect blend of traditional authenticity and modern approach, he specifically wants his social, semi-personal and personal zone to be maintained in a decorum of individuality, where no one can sneak into the space. Every space should have its own charm, ethnicity along with good comfort and proper functionality.

I, Monika Yadav as an interior designer promise to give his dream house turned into reality with the touch of tradition and modernity, where he can feel the ambiance and enjoy his time.
