

ARTIFICIAL INTELLIGENCE IN THE DESIGN WORKFLOW

I would like to express my sincere gratitude to my mentor, Amandeep Malhotra for guiding me in learning and understanding the role of Artificial Intelligence in Interior Design. Your continuous support, knowledge, and encouragement have helped me explore innovative tools and technologies that enhance creativity and efficiency in design.

Through your mentorship, I gained valuable insights into integrating AI tools for visualization, rendering, space planning, and concept development. Your guidance has not only improved my technical skills but also expanded my perspective on the future of interior design. Thank you for inspiring me to think creatively, work confidently, and embrace new technologies in the design field. Your mentorship has played a significant role in my growth as a designer.

A C K N O W L E D G E M E N T

Luxurious Rococo-inspired interior with pastel blue walls, ornate floral moldings, and sweeping gold-trimmed arches framing a grand spiral staircase with soft LED step lighting. Marble bust sculptures on pedestals, curved built-in seating, and a delicate crystal chandelier create a dreamy, ethereal ambiance with soft diffused lighting and elegant symmetry.

‘An urban loft apartment with exposed bricks and industrial decor , sunset lighting’

Golden sunlight streams through large factory-style windows, illuminating an industrial urban loft with exposed brick walls, black steel beams, reclaimed wood shelves, and warm vintage décor.

Amber light, dust particles, polished concrete floors, leather chairs, Edison bulbs, and a glowing city skyline create a cinematic blend of rugged industry and urban serenity.

‘Art deco inspired luxury lounge with velvet furnishings and mirrored accents’

Step into an opulent Art Deco lounge where emerald and sapphire velvet sofas glow beneath gold-trimmed arches, mirrored panels and crystal sconces casting a warm champagne radiance across ebony walls and lacquered tables.

Sunburst motifs, a shimmering onyx bar, and notes of vanilla, cognac, and jasmine evoke 1920s grandeur—every curve, reflection, and crystal clink echoing pure decadence.

‘A biophilic office space with vertical gardens and natural textures’

Sunlight streams through tall windows, scattering soft shadows across stone floors and wooden desks, while a lush living wall of ferns and vines fills the air with a fresh, earthy calm.

Wrapped in natural textures and gentle greenery, the office becomes a serene sanctuary where crisp air, quiet rustling leaves, and grounded materials inspire effortless productivity.

‘coastal themed boutique cafe with driftwood decor and pastel colors’

A coastal-themed boutique café with a serene ocean view, designed in soft pastel tones of blue, seafoam green, and sandy beige, filled with abundant natural light and driftwood furniture paired with white marble tabletops and beach-inspired pendant lights. Large windows open to a calm turquoise sea, creating a cozy yet airy atmosphere complemented by rustic wooden textures, fresh pastries, espresso machines, and minimal coastal artwork for a tranquil, elegant seaside experience.

(Atmosphere visualization)

PROMPT, 'Visualize a serene meditation room blending Japanese Zen and Scandinavian minimalism'
(refine by adding materials and lighting style)

A serene Japanese Zen meditation room with floor-to-ceiling glass windows opens to misty mountains, lush forests, and a cascading waterfall, blending Japanese tranquility with Scandinavian minimalism.

Natural wood floors, tatami mat, round cushions, a low wooden table, bonsai, maple branch in a ceramic vase, and a softly glowing ribbed paper lantern create a warm, harmonious retreat.

(Concept -to-Visuals)

Choose a design theme (Example- Futuristic , Retro chic)

A futuristic minimalist bedroom with smooth curved architecture features a circular bed with integrated ambient lighting, dark linens, and modern nightstands topped with glowing orb lamps. Neon-blue light strips trace the walls and ceiling, while large curved windows reveal a moody sci-fi skyline of towering skyscrapers in cool tones of deep blue, gray, and soft white.

PROMPT- 'Visualise a serene meditation room blending Japanese Zen and Scandinavian minimalism'. Refine by adding materials and lighting style.

- **Subject**-meditation room
- **Attributes** - Minimalist ,open space, balanced composition , natural light , LED lighting , olive green (accent) , white oak wood flooring
- **Style and mood**- Japanese Zen , serene, calm ,peaceful, Scandinavian minimalism
- **Purpose**- meditation, mindfulness, relaxation, simplicity and bright space

‘ Design a fitness gym with cyberpunk aesthetics includes neon lighting , exposed industrial elements and futuristic technology , creating a space that feels both gritty and high-tech.

‘ Design a fitness gym with cyberpunk aesthetics includes neon lighting , exposed industrial elements and futuristic technology , creating a space that feels both gritty and high-tech.

A minimalist, futuristic bedroom bathed in soft, ethereal light. Two zero-gravity "Airtype" beds float within integrated compartments, their head and leg sections gently elevated. The beds feature recliner functionality and are constructed from sleek white Kevlar-infused polymers and lunar cement accents. The decor evokes an ethereal void, with seamless white walls and integrated strip lighting. Large panoramic windows offer a view of a distant, hazy landscape, suggesting exploration. Subtle, flowing lines and the weightless nature of the beds convey fluidity and impermanence. The overall design emphasizes connectedness through the unified aesthetic and the shared, open space.

THANK YOU
