

The image shows a sophisticated cafe interior. The ceiling is a prominent feature, with a series of white, curved, ribbed structures that create a sense of depth and architectural interest. Large, floor-to-ceiling windows are positioned around the room, offering a view of a landscape filled with cherry blossom trees in full bloom. The overall color palette is soft and muted, with shades of pink, beige, and white. In the foreground, there are several round tables and chairs, suggesting a comfortable seating area. The text 'Cafe Blush & Bloom' is centered in the middle of the image, overlaid on a semi-transparent white band.

# Ideation

“After extensive exploration and research, two design concepts were finalized to best express the project vision. AI tools were used during the conceptual development and space planning stages to test ideas, refine themes, and generate optimized area distributions based on the provided design inputs”

## Concept 1 – Sakura Sanctuary

A Japandi-romantic dining space under cascading cherry blossoms and warm lantern light. Light oak furniture, blush seating, brass accents, a zen water feature, and garden views create a serene, photogenic, nature-connected dining experience.
