# Everyday Rituals

## Shaping Design

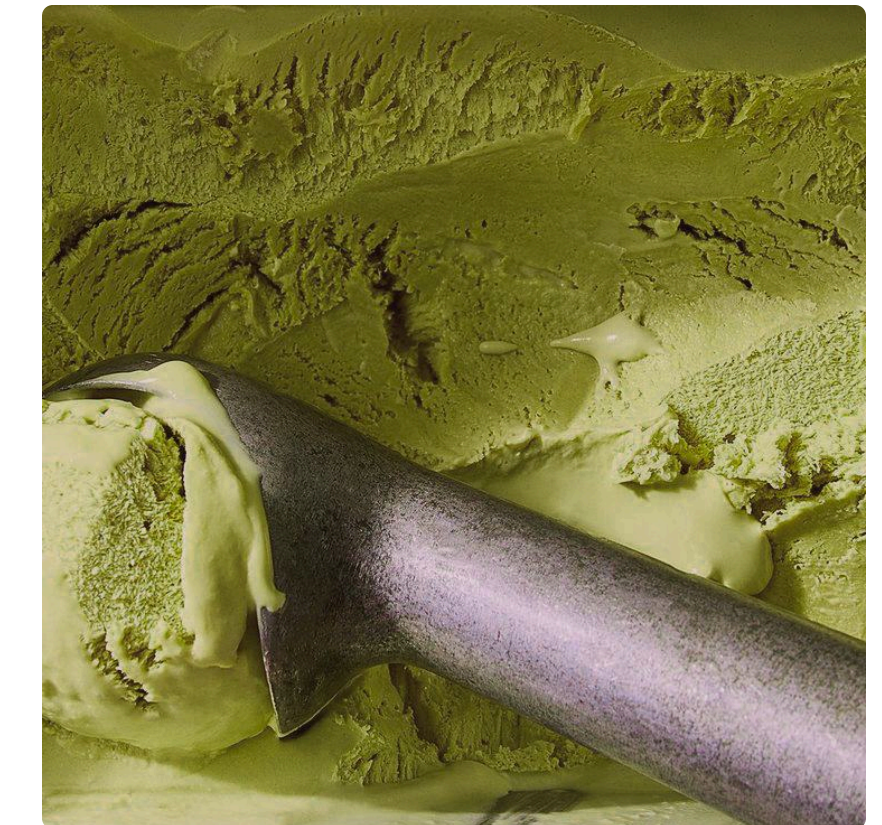

Moving from India to Italy, I kept noticing the same **graceful gelato scoop** in every neighbourhood shop, **a humble tool that serves joy with every use**, turning a simple action into a moment of delight

### Pistachio green

Cultural warmth and playfulness inspired by Italy's iconic gelato

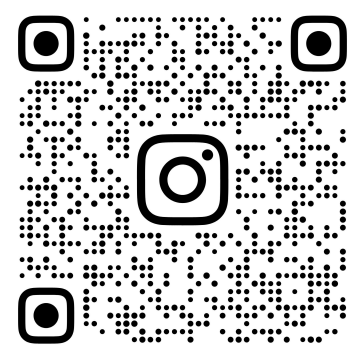

form explorations

## Designed to **Gather**

Echoing the open, inviting motion of a gelato scoop, the **stool's swivel softly guides people toward one another**, creating easy moments of connection

## Smooth Leather

Desserto® cactus leather, is sustainable and gives a durable, matte finish

Its elasticity and resistance to wear make it suitable for high-use hospitality furniture

## Sand-cast aluminium

Aluminium is **naturally recyclable**, offering a **lightweight yet durable** structure

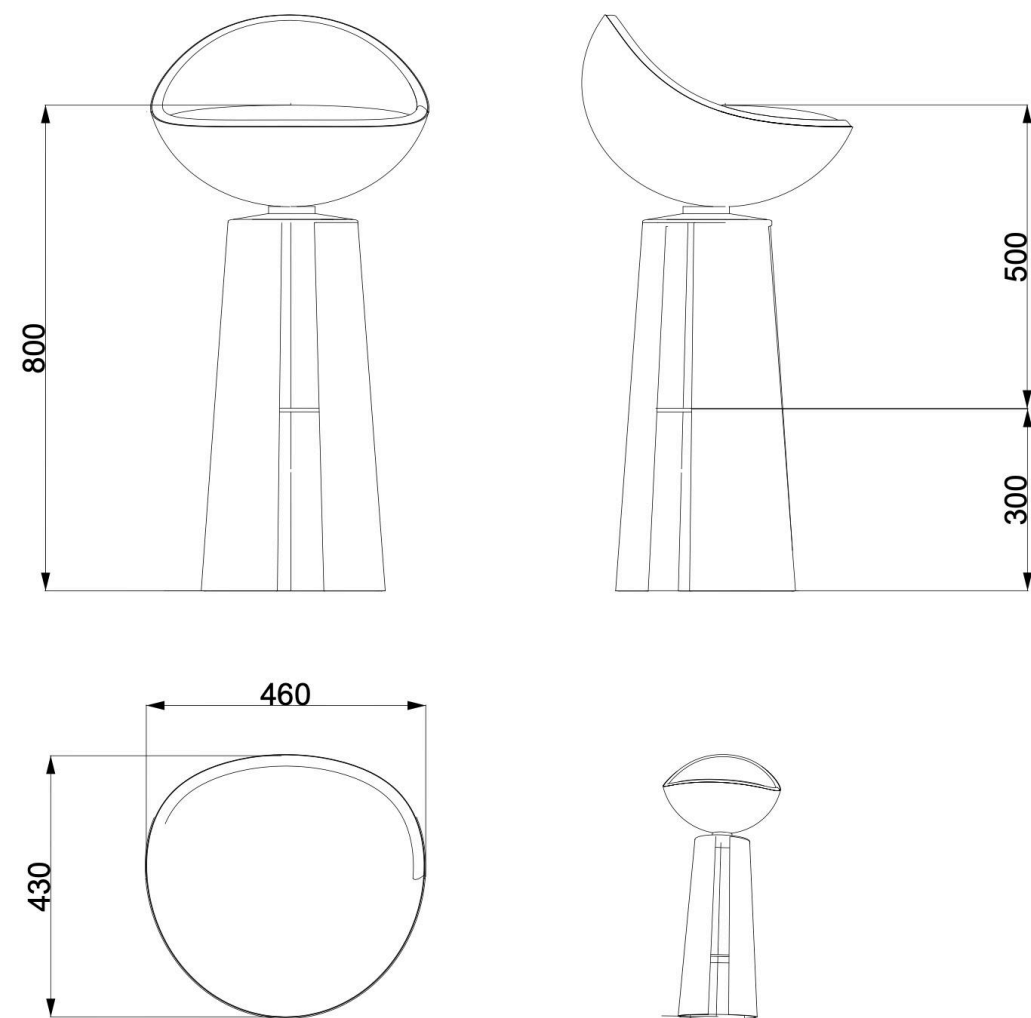

**Sand casting minimises material waste** while creating a textured, sculptural finish
