

Studio Apartment

Velvet Vista

Introduction

The Studio Apartment 'Velvet' is a combination of modern furniture with each space having its own statement piece which is complemented by tropical elements. The studio reflects clients' love for travelling, intricate designs, a cozy space which speaks exclusivity.

Client Profile and Brief

NAME : MonikaChawla

Client Profile : She is a 30-year-old content creator and jewellery designer with a passion for travelling. She envisioned a luxurious studio apartment that reflects her love for elegant interiors, intricate detailing, and nature while incorporating a dedicated mezzanine workspace for her jewellery business.

REQUIREMENTS :

She wishes to have a luxury and spacious studio apartment following the neoclassical theme.

For specific furniture peices like bed , wardrobe she want a touch of claasic element in them but with sleek design ,further she requires a spacious balcony with lots of green plants both indoor and outdoor .

She wanted a neutral theme including shades of grey , white and beige & brown and also prominent wooden texture

- **Flooring** : she wanted Italian marble with the touch of wooden flooring
- **Ceiling** : she wanted no false ceiling, but creative lighting all over the place is required .
- **Mezzanine** : Specifically designed as a separate workspace for her jewellery business where she wanted accessible storage from her table and the work space should have plenty amount of light, and a cosy sitting corner surrounded by plants .
